TOP MOUNT SINK CH365
INSTALLATION INSTRUCTIONS

PREPARATION

- **Before You Begin**
Before installing any Dawn product in your new or remodeled kitchen, you should make sure that you are in compliance with all local plumbing codes.
- **Check The Accessory Items**
Before installation, please check the condition of the product and, if appropriate, its components. If there is any problem with the product and/or its components, please contact the store you purchased it from for a replacement. As soon as you have inspected your product, please return it to its original packaging until you are ready to install it.
- **Handle With Care**
Your stainless steel sink may be very heavy and may possibly require more than one person to lift it. To protect its finish and avoid damage before and after installation, please handle your sink with care. For care and cleaning tips on Dawn Stainless Steel Sinks after installation, please refer to the *Maintenance* part in this instruction guide.

MATERIALS & TOOLS

- Mounting Clips supplied by Dawn
- Eye Protection (Safety Glasses)
- Tape Measure
- Pencil
- Saw
- Drill and Drill Bit
- Framing Square
- Silicone Adhesive Sealant
- Pipe Wrench
- Plumbers Putty
- Denatured Alcohol
- Other tools as needed

PARTS

Drain Parts supplied by Dawn
(can be used to replace items in the dotted area above)

**TOP MOUNT SINK CH365
INSTALLATION INSTRUCTIONS**

INSTALLATION

IMPORTANT: The installer maintains responsibility for installing the product safely.

● **STEP 1: Install Drain Parts And/Or Strainer**

Assemble the drain parts supplied by Dawn. Apply proper amount of plumbers putty on the square end of D and fasten it to the screw hole on the left bottom of the sink with the M5 screw (E). Insert the other end of D into the shorter part of A and insert the longer part of A into the longer part of B. Make sure the slip nut end of B is on top. Put C inside the slip nut, and fasten it to the bottom of the right strainer tail piece.

Install the drain and/or strainer from top to bottom as shown in the following figure. Make sure to install all rubber gaskets to prevent water leakage. Run water into the sink and check for leaks. The total height of the assembled drain is approximately 300mm.

INSTALLATION INSTRUCTIONS**

INSTALLATION

IMPORTANT: The installer maintains responsibility for installing the product safely.

● **STEP 2: Create A Cutout Template**

Measure and mark the centerline of the sink position and alignment with cabinet and countertop. To create a template, place the sink upside down on the countertop and draw around it with a pencil to make the sink outline. Remove the sink. Draw another line 5/8" (15mm) inside the sink outline, and this line will be the sink cutout line.

● **STEP 3: Make The Sink Cutout**

Drill a 3/8" (10mm) diameter hole on the inside of the cutout line. Insert the saw blade into the hole and cut along the cutout line to create a precise opening on your countertop. Trim and smooth the edge of the opening with sandpaper.

**TOP MOUNT SINK CH365
INSTALLATION INSTRUCTIONS**

INSTALLATION

IMPORTANT: The installer maintains responsibility for installing the product safely.

● **STEP 4: Install The Top Mount Sink**

Insert the sink into the opening and examine the fit. Make sure the sink is aligned with the opening and is well supported by the countertop. Remove the sink and adjust the opening if necessary. If your sink comes ready to receive the faucet, install the faucet and drain now. Clean the countertop with denatured alcohol. Apply a 1/8" (3.2mm) to 1/4" (6.4mm) bead of silicone sealant all the way along the outside of the opening without missing any area.

NOTE:

Too much silicone sealant could result in loose alignment between the sink and the countertop.

To install the sink, first insert the sink into the opening by attaching the bottom rim of the sink to the countertop. Make sure the rim sits on and covers the silicone sealant. Then, place the sink completely into the opening and make sure the sink fits properly to the countertop. Verify the sink is level both front to back and left to right. Immediately wipe away any excess sealant with a damp cloth.

● **STEP 5: Install The Mounting Clips**

Hook the mounting clips from the underside of the sink onto the lip on the back of the sink rim. Tighten the screws to pull the sink down tight against the countertop. Do not overtighten.

NOTE: Tightening the mounting clips may cause the silicone sealant to squeeze out from under the sink lip. Wipe away the excess sealant with a damp cloth.

MAINTENANCE

Care and cleaning instructions for Dawn stainless steel sinks:

Clean regularly with clean water and/or a mild detergent solution applied with a soft cloth or sponge. Rinse thoroughly and towel dry after every use to prevent water spots and mineral deposits from building up on the surface of the sink. Deep clean once a week with an approved cleanser and a soft cloth or sponge rather than an occasional aggressive single cleaning - be sure to rub in the direction of the finish lines. Cleaners should state approved or suitable for stainless steel.

- **Scratches**
Like most metallic surfaces, stainless sinks will get scratches. These are usage scratches and will blend in with the overall finish of your sink over time. There are steps that can be taken to reduce appearance of scratches:
Use a nylon pad with an iron free abrasive polishing compound. Follow the direction of the original polish lines to blend out the scratch in a small area. Be cautious not to overdo the process. A too aggressive procedure will result in a bright spot.
- **Water Quality**
Regular routine cleaning can usually prevent lime scale deposits from hard water. Do not allow excessive build up before treating. Soaking in a 25% vinegar solution can treat hard water spots. Periodically rub with a synthetic scouring pad, then rinse and towel dry.
- **Rust Marks**
If you develop rust marks due to presence of or contact with iron containing materials, swab with a sponge wetted with a dilute solution of (10-15%) nitric acid (HN03) and follow with routine cleaning. Avoid prolonged contact of iron containing materials with stainless steel.

Do's and Don'ts

- Do regular routine cleaning rather than an occasional aggressive single cleaning.
- Only use propriety brands of cleaners that state "SUITABLE FOR STAINLESS STEEL".
- Always rinse and dry as the final step in a cleaning procedure.
- If there is any accidental contact of the sink with photographic chemicals or soldering fluxes, immediately rinse and clean the sink with water.
- Do not leave low-carbon steel or iron kitchenware in the sink.
- Do not leave rubber patches, wet sponges, cloths, cleaning pads, or dishpans in the sink.
- Do not use coarse abrasive powders, metallic scourers such as steel wool or brushes with metal bristles.
- Do not leave standing solutions of chlorine bleach and water in the sink.
- Do not allow liquid soap or other cleansers to dry on the surface of the sink.
- Do not leave food with high-salt content such as pickles, béarnaise sauce or mustard in the sink.
- Do not use cleaning products containing silver, sulfur or hydrochloric acid.
- Do not leave metal or rusted materials in the sink.
- Do not rub the sink with metal rubbing or scrubbing pads.
- Do not use the sink as a cutting board.

LEGAL DISCLAIMER:

- This instruction guide is done as a public service to customers of Dawn Kitchen & Bath Products, Inc. ("Dawn"). For special situations or further assistance, please consult professionals.
- All products should be inspected by customers upon receipt and before any preparation for installation. Any defective product should be reported immediately and should NOT be installed.
- Requirements may vary for installation in a granite, marble, stone, or butcher block countertop.
- Installation by professional installers is highly recommended. Dawn assumes no liability for any damages incurred through the use of information provided in this publication or the installation.

WARRANTY

All Dawn products have been manufactured and tested to the highest quality standards by Dawn Kitchen & Bath Products, Inc. ("Dawn"). This warranty is limited to Dawn products purchased and installed in the United States. Dawn Kitchen & Bath Products, Inc. warrants its products to be free from manufacturing defects in material and workmanship during normal residential use for as long as the original consumer purchaser owns his or her home. This warranty only extends to the original consumer purchaser and this warranty is non-transferable. If any defect is found in normal residential use, Dawn Kitchen & Bath Products, Inc. will, at its election, repair, provide a replacement part of product, or make appropriate adjustment at no charge (excluding labor charges and other incidental or consequential costs). Damage to a product caused by accident, misuse, or abuse is NOT covered by this warranty. Improper care and cleaning will void the warranty. If Dawn is unable to provide a replacement and repair cannot be made, Dawn may elect to refund the purchase price to the original consumer purchaser in exchange for the return of the product. (IMPORTANT: The original consumer purchaser should be responsible for inspecting products upon receipt. Any defective product should be reported immediately and should NOT be installed.)

THIS WARRANTY DOES NOT COVER, AND DAWN DISCALIMS ANY LIABILITY FOR:

- Conditions or damage NOT resulting from defects in material or workmanship.
- Conditions or damage resulting from
 - ① normal wear and tear, improper installation, improper maintenance, misuse, abuse, negligence, accident or alteration, or
 - ② the use of abrasive cleaning products or the use of the product in any manner contrary to the product instructions, or
 - ③ conditions in the home such as excessive water pressure or corrosion.
- Labor, shipping, or other costs for the disconnection, deinstallation, or return of the product for warranty service, or costs for installation or reinstallation of the product.
- Parts, accessories, connected materials, or related products not manufactured by Dawn.

Dawn reserves the right to inspect any Dawn product reported to be defective prior to any repair or replacement. Repair and replacement costs EXCLUDE shipping, labor, and consequential expenses. To request warranty service, please contact Dawn Customer Service at toll-free 1-877-Dawn-USA. NOTE: Proof of purchase (original sales receipt) and description of problem must be provided with all warranty claims.

RETURN POLICY

You may only return new, uninstalled, or unused items sold and fulfilled by Dawn Kitchen & Bath Products, Inc. for a full refund within 30 days of delivery. Items must be returned in its original package. Returns of used items or returns after 30 days of delivery may be accepted with a 15% restocking fee. Dawn will pay for return shipping costs only if the return is a result of our fault. If you receive a faulty product and need to exchange it for the same product, please contact our customer service via phone, fax, or e-mail to request a replacement. If you would like to exchange a product for a different one, please first return the original product to our location at 27688 Industrial Blvd., Hayward, CA 94545 and then place a new order.

PARTIAL REFUNDS MAY BE GIVEN TO:

- Most of the items that are returned after 30 days of delivery
- Any item not returned in the condition it was delivered
- Any item that has obvious signs of use
- A 15% restocking fee will apply to all used items or items returned after 30 days of delivery.
